just let the kids play

The Singh Foundation

About The Singh Foundation

At the Singh Foundation we believe in equal opportunity for all kids to participate in sport and recreation programs. Have fun, build leadership and life skills, develop a sense of community regardless of social and individual barriers. The Singh Foundation provides funding and program development for those in need.

Vision:

The Singh Foundation was established to create opportunities for youth by encouraging participation in their communities through sport and local programs. Having been part of the Surrey, British Columbia Community for over 50 years, we have seen how important it is for kids to play in a healthy and safe environment. Our goal is to provide that opportunity to all kids and families regardless of personal, societal or economic barriers.

Members of the Singh Foundation have been active volunteer youth coaches in the community for 20+ years.

Objective:

The Singh Foundation provides funding, guidance and program support for individuals and community groups in need with a specific focus on Youth. Our programs are focused in British Columbia, Canada with a large focus in the City of Surrey. We establish partnerships with groups such as the Surrey Schools, Surrey Fire Services and Jumpshot Generosity, where we can deploy resources for innovative new programs and to support existing established programs.

Mission Statement:

Provide funding, mentorship and support for Programs and activities for underserved and at-risk youth in our community.

Why we do what we do:

Every year reminds us that the true impact of The Singh Foundation cannot be measured by dollars invested alone. It is found in the quiet moments when a young person discovers confidence, a volunteer changes a life through kindness, or a **community comes together to create opportunities for others.**

We are proud to have attracted a passionate network of volunteers, community members, and partners who selflessly dedicate their time and energy to uplift others. Their contributions go far beyond what can be measured in dollars or data.

While statistics may help validate the impact of our programs, it's often the quiet, unseen moments that matter most. Like a volunteer coach patiently helping a child perfect their free throw. Or a gentle reminder to a young person that **"we see you."** These small acts of care and attention are the **heartbeat of our foundation.**

Together, we are building a community where every child feels supported, valued, and inspired to thrive—on and off the court.

I am deeply grateful to our all-volunteer Board and Management Team for their unwavering support, dedication, and guidance. Your commitment ensures that we remain steadfast in our mission and continue to move forward on the right path.

To our donors, volunteers, community partners, and supporters—thank you. Your belief in our mission allows us to continue creating opportunities that change lives.

After all... just let the kids play.

Sincerely,

R. Bob Singh,

Founder & Chief Executive Officer
